NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Reporting Entity

As provided by Article VII, Section 24 of the Louisiana Constitution of 1974, there shall be seven assessors in New Orleans, who shall compose the Board of Assessors for Orleans Parish. One shall be elected from each municipal district of New Orleans, and each shall be a resident of the district from which she is elected. The assessor shall be elected at the same time as the municipal officers of New Orleans, for terms of four years each. In the event a vacancy occurs in any one of the seven assessors' office, the Board of Assessors shall appoint an interim assessor for the unexpired term.

The assessor assesses all real and moveable property in her municipal district subject to ad valorem taxation. The assessor is authorized to appoint as many deputies as may be necessary for taxpayers in her district. The deputies are authorized to perform all functions of the office, but the assessor is officially and pecuniarily responsible for the actions of the deputies.

For financial reporting purposes, the assessor includes all funds and account groups activities that are controlled by the assessor as an independently elected parish official. The activities of other independently elected parish officials and municipal level government are not included within the accompanying financial statements as they are considered autonomous governments. These units of government issued financial statements are separate from that of the parish assessors.

At December 31, 2006, the assessment rolls of the Assessor, Fourth Municipal District, Parish of Orleans consisted of real property assessments totaling \$85,744,070 (less homestead exemptions of \$11,582,073), personal property assessments totaling \$7,192,286 and public service rolls totaling \$2,120,700.

2. Basis of Presentation

The accompanying financial statements of the Assessor, Fourth Municipal District, Parish of Orleans, have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles generally accepted in the United States of America.

3. Fund Accounting

The accounts of the Assessor, Fourth Municipal District, Parish of Orleans, are organized on the basis of a fund and an account group to report on its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available resources. The Fund and Account Group presented in the financial statements are described as follows:

General Fund

The General Fund, as provided by Louisiana Revised Statute 47:1906, is classified as a government fund, and is the main operating fund of the Assessor, Fourth Municipal District, Parish of Orleans, and accounts

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

for all financial resources, except those required to be accounted for in the account group. Revenue is accounted for in the General Fund based upon the purpose for which it is to be spent and the means by which spending activities are controlled. Compensation received from the various taxing bodies, prescribed by formula in Louisiana Revised Statues 47:1908 is accounted for in the fund. General operating expenditures are paid from this fund.

4. General Fixed Assets Account Group

Equipment used in government fund type operations is accounted for in the General Fixed Assets Account Group, rather than in a government fund. The Fourth Municipal District Assessor has adopted a policy to capitalize property and equipment purchases of \$1,000 or more. Like purchases of lesser amounts are expensed in the period. All fixed assets are valued at historical cost. No depreciation has been provided on fixed assets.

5. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The General Fund is accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The operating statement of the General Fund presents increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers property taxes as available if they are collected within 60 days after year-end. A one-year availability period is used for revenue recognition for all other government fund revenues. Expenditures are recorded when the related liability is incurred.

6. Budget and Budgetary Accounting

The Board of Assessors, Parish of Orleans, legally adopts an annual budget, which authorizes the annual appropriation of the Assessor's office. The budgetary practices include public notice, participation and inspection. Additionally, the Board of Assessors' budget authorizes supplementary appropriations during the year to the Assessor, Fourth Municipal District, Parish of Orleans. Since the Board of Assessors legally adopts a budget, the Assessor, Fourth Municipal District, Parish of Orleans, is not required to follow the legal budgetary practices of public notice, participation and inspection.

The annual budget prepared by the Assessor, Fourth Municipal District, Parish of Orleans, is on a basis consistent with accounting principles generally accepted in the United States of America. The budget is prepared by function. Revenues are estimated and expenditures of prior years are considered when preparing the budget for the current year.

The budget is submitted to the Board of Assessors. Revenues to operate the office of the Assessor, Fourth Municipal District, Parish of Orleans, and any supplementary appropriations during the year are derived from a dedicated millage rate which is collected and allocated by the Board of Assessors based on the Board of Assessors legally adopted budget, and from a document transfer tax levied on each real estate transfer in the district. The budget is available for public inspection at the Assessor's office.

NOTE C- PENSION PLAN

Substantially all full-time employees of the Assessor, Fourth Municipal District, Parish of Orleans, are members of the Louisiana Assessors' Retirement System, a multiple employer (cost-sharing), Public Employee Retirement System (PERS), controlled and administered by a separate board of trustees.

All full-time employees who are under the age of 55 at the time of original employment and are not drawing retirement benefits from any other public retirement system in Louisiana are required to participate in the System. Employees who retire at or after age 55 with at least 12 years of credited service or after age 50 with at least 30 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of their final-average salary for each year of credited service, not to exceed 100 percent of their final-average salary.

Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

Contributions to the System include one-fourth of one percent of the taxes shown to be collected by the tax rolls of each parish. State statute requires covered employees to contribute a percentage of their salaries to the System. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The current year employer's contribution varied and was 13.50% to 14.00% of salaries, and the employee's contribution was a constant 8%.

The Legislator of Louisiana enacted a bill that was approved by the Governor on July 2, 1999, that gave the assessor the authority to elect and pay the employees share of the contribution. The Assessor, Fourth Municipal District, Parish of Orleans, made this election effective November 1, 2003, therefore 100% of the contributions for 2006 were paid by the assessor. Because of this election, the assessor is paying 21.5 % to 22.00% of qualified salaries to the retirement system.

Independent Accountant's Report on Applying Agreed-Upon Procedures

Dr. Betty Jefferson, Assessor Fourth Municipal District, Parish of Orleans

Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

There were no expenditures for material and supplies exceeding \$15,000, or public works exceeding \$100,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees as well as their immediate families.

The Fourth Municipal District Assessor's Office, Parish of Orleans does not have a Board.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

Because the Fourth Municipal District Assessor's Office, Parish of Orleans, does not have a Board, no list was provided by management in agreed-upon procedure (2).

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

The Assessor, Fourth Municipal District, Parish of Orleans, provided us with a copy of the original budget. There was one amendment to the budget during the year which was provided to us.

6. Trace the budget adoption and amendments to the minute book.

The Fourth Municipal District Assessor's Office, Parish of Orleans does not have a Board. There are no Board minutes.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more. (Note, state law exempts from the amendment requirements special revenue funds with anticipated expenditures of \$250,000 or less and exempts special revenue funds whose expenditures drive revenue recognition-primarily federal funds.)

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues for the twelve months ended December 31, 2006 did not exceed budgeted amounts by more than 5%. Actual expenditures for the twelve months ended December 31, 2006 were not over the budgeted amounts by more than 5%.

The Fourth Municipal District Assessor's Office, Parish of Orleans does not have a Board.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of banks loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

We inspected payroll records for the year and noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions, accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the Assessor, Fourth Municipal District, Parish of Orleans and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and take responsibility for the sufficiency of the procedures for their purposes. SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE TWELVE MONTHS ENDED DECEMBER 31, 2006

A. PRIOR YEAR FINDINGS

Budget

2005-1

We noted during our engagement that the total actual expenditures were below budgeted expenditures by 7%. This included Personnel Services and related benefits being under budget by 31% and Miscellaneous/Office expenses being over budget by 166%. Hurricane Katrina had a material effect on the office of the Assessor. The office was closed for several weeks. Personnel were displaced and did not return prior to the end of the year. This accounts for the decrease in Personnel services and related benefits. Miscellaneous/Office expenses were over budget in the previous year. The Assessor should revise the budget to increase this budgeted amount for Miscellaneous/Office expenses in future years.

Management's Response

Budget variances are investigated and all additional expenditures are deemed ordinary and necessary during the year. Travel and convention expenses vary from year to year. The budget will be revised in future years to more accurately reflect actual experience.

B. CURRENT YEAR FINDINGS

Budget

2006-1

We noted during our engagement that the current year budget was revised during the year to more accurately reflect actual experience.

The excess of receipts over expenditures in total was 6% below the budgeted amount.

Total revenues were over budget by less than 5% but individual budgeted income items were over and under this amount as follows:

Board of Assessors Allotment was over budget by 14%, and Document Transfer Taxes were under budget by 12%. This is considered only a minor classification error since both amounts come from the City of New Orleans.

Data sales were under budget by 94%. This amount is not a strictly a budget item since data sales are discretionary by the purchasers and cannot be determined accurately in advance.

No amounts were budgeted for Revenue sharing. This amount is determined by excess funds of the Board of Assessors distributed to each individual Assessor and cannot be determined in advance.

Total expenditures were over the budgeted amount by only 3% but individual budgeted expenditure items were over and under this amount as follows:

Personnel services and related benefits were under budget by 10% due to staff turnover shortages during the year.

Insurance benefits were over budget by 6% due to increases in health insurance costs.

Retirement benefits were 17% under budget due to new employees not yet being covered under the retirement plan.

Miscellaneous/Office expenses were over budget by 72%. This appears to be due to additional expenses in the categories of Conferences, Printing, and general Office expenses and Supplies. The Assessor has complied with the budgeted expenditure amounts in total.

Management's Response

Budget variances are investigated in total and the budget was adjusted during the year in response to the finding of the prior year. Variances in budgeted income and expenditures were under 5% for the year.
